Applicare del sigillante PTFE tipo SUPERBOND 515 sul filetto del corpo elettrovalvola per garantire la tenuta pneumatica.

Apply PTFE sealant type SUPERBOND 515 on the thread of air solenoid valve to ensure a proper pneumatic sealing.

Serrare con l'ausilio di apposite chiavi il corpo elettrovalvola mantenendo il raccordo aria in posizione corretta. Serrare il corpo elettrovalvola con una coppia di circa 5,5 Nm.

Tighten the air solenoid valve by means of proper tools keeping the air fitting in the correct position. Tighten the air solenoid valve by applying 5.5 Nm driving torque.

Verificare che il tubo aria sia allineato tra i due raccordi.

Make sure the air pipe is aligned between the two fittings.
